

# KING FAHD CENTRAL HOSPITAL (KFCH)

## Comprehensive Stroke Program

### MASTER STROKE POLICY & CONTROLLED DOCUMENT INDEX

|                |                 |             |     |
|----------------|-----------------|-------------|-----|
| Document ID    | SU-009-INDEX-01 | Version     | 1.0 |
| Effective Date |                 | Review Date |     |

**Purpose:** Provide one controlled index for the KFCH Stroke Program policies, protocols, pathways, forms, governance documents, quality documents, and implementation evidence. Final document numbers, versions, approval dates, and owners should be synchronized with KFCH Document Control before accreditation submission.

#### A. Master / System Documents

| No. | Controlled Document / Evidence               | Type                           | Status   | Owner                      | Document Control / Approval                    |
|-----|----------------------------------------------|--------------------------------|----------|----------------------------|------------------------------------------------|
| 1   | Stroke Unit Policy & Procedure Manual 2026   | Master policy/manual           | Existing | Stroke Program / Neurology | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 2   | Stroke System of Care                        | System-of-care policy          | Existing | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 3   | Stroke Program Charter                       | Governance charter             | Existing | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 4   | Stroke Alert (Code Stroke) Activation Policy | Acute stroke activation policy | Existing | ED / Stroke Program        | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

#### B. Acute Stroke, Imaging & Reperfusion

| No. | Controlled Document / Evidence                               | Type                     | Status   | Owner                              | Document Control / Approval                    |
|-----|--------------------------------------------------------------|--------------------------|----------|------------------------------------|------------------------------------------------|
| 1   | Acute Stroke CT Imaging Protocol                             | Imaging protocol         | Existing | Radiology / Stroke Program         | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 2   | MRI Stroke Protocol                                          | Imaging protocol         | Existing | Radiology / Stroke Program         | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 3   | CTA Protocol for Stroke Patients with Contrast Allergy       | Imaging protocol         | Existing | Radiology                          | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 4   | IV Alteplase (tPA) Preparation & Administration Protocol     | IV thrombolysis protocol | Existing | Neurology / Pharmacy               | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 5   | Thrombectomy Patient Selection Protocol                      | EVT selection protocol   | Existing | Neurointervention                  | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 6   | Mechanical Thrombectomy Selection and PostProcedure Protocol | EVT clinical protocol    | Existing | Neurointervention                  | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 7   | Thrombectomy Workflow Chart                                  | EVT workflow             | Existing | Stroke Program / Neurointervention | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 8   | Acute Stroke Complication Management Protocol                | Complication protocol    | Existing | Neurology / Critical Care          | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 9   | Heparin Administration Protocol Acute Stroke                 | Medication protocol      | Existing | Neurology / Pharmacy               | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

#### C. Stroke Unit Clinical Care & Rehabilitation

| No. | Controlled Document / Evidence                 | Type                     | Status   | Owner            | Document Control / Approval                    |
|-----|------------------------------------------------|--------------------------|----------|------------------|------------------------------------------------|
| 1   | Stroke Unit Admission Criteria                 | Admission criteria       | Existing | Stroke Unit      | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 2   | KFCH Acute Ischemic Stroke Admission Order Set | Order set                | Existing | Neurology        | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 3   | Stroke Assessment Form                         | Clinical assessment form | Existing | Stroke Unit / ED | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

|    |                                                       |                         |          |                              |                                                |
|----|-------------------------------------------------------|-------------------------|----------|------------------------------|------------------------------------------------|
| 4  | Stroke Nursing Care Pathway                           | Nursing pathway         | Existing | Stroke Unit Nursing          | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 5  | Stroke Daily Huddle Checklist                         | Operational checklist   | Existing | Stroke Unit                  | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 6  | Early Mobilization Protocol for Acute Stroke Patients | Clinical protocol       | Existing | Stroke Unit / Rehabilitation | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 7  | Early Rehabilitation Assessment and Referral Protocol | Rehabilitation protocol | Existing | Rehabilitation / Stroke Unit | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 8  | Stroke Unit Delirium Screening Protocol               | Clinical protocol       | Existing | Stroke Unit                  | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 9  | Stroke Unit Delirium Screening Form                   | Clinical form           | Existing | Stroke Unit                  | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 10 | Rapid Response ICU Transfer Flowchart                 | Escalation workflow     | Existing | Stroke Unit / ICU            | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 11 | Speech-Language Pathology Assessment Form             | Allied-health form      | Existing | SLP                          | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

#### D. EMS, Transfer & Continuity

| No. | Controlled Document / Evidence                             | Type                | Status   | Owner                | Document Control / Approval                    |
|-----|------------------------------------------------------------|---------------------|----------|----------------------|------------------------------------------------|
| 1   | EMS-Hospital Stroke System of Care Collaboration Agreement | EMS agreement       | Existing | Stroke Program / EMS | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 2   | Stroke Patient Transport Protocol                          | Transport protocol  | Existing | Stroke Program       | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 3   | Stroke Patient Escalation Protocol                         | Escalation protocol | Existing | Stroke Program       | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

#### E. Education, Patient/Family & Program Operations

| No. | Controlled Document / Evidence                             | Type                        | Status                                       | Owner                      | Document Control / Approval                    |
|-----|------------------------------------------------------------|-----------------------------|----------------------------------------------|----------------------------|------------------------------------------------|
| 1   | Annual Stroke Unit Education Plan                          | Annual education plan       | Existing                                     | Stroke Program / Education | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 2   | KFCH Stroke Education-Training Competency Evidence Package | Competency evidence package | Existing                                     | Stroke Program / Education | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 3   | Stroke Program Staff Education Policy                      | Education policy            | Existing                                     | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 4   | Stroke Program Staff Orientation Checklist                 | Orientation checklist       | Existing                                     | Stroke Program / Nursing   | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 5   | Stroke Patient Caregiver Education Policy                  | Education policy            | Existing                                     | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 6   | KFCH Stroke Patient Caregiver Recovery Guide               | Patient/caregiver guide     | Existing                                     | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 7   | Stroke Public Education Plan                               | Community education plan    | Existing - verify annual activities/evidence | Stroke Program             | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 8   | Multidisciplinary Stroke Unit Schedule                     | Operational schedule        | Existing                                     | Stroke Unit                | Doc ID: _____<br>Ver: _____<br>Approval: _____ |
| 9   | KFCH Stroke Multidisciplinary Rounds-Safety Huddle Forms   | Operational forms           | Existing                                     | Stroke Unit                | Doc ID: _____<br>Ver: _____<br>Approval: _____ |

#### F. Governance, Quality, Registry & Research

| No. | Controlled Document / Evidence | Type | Status | Owner | Document Control / Approval |
|-----|--------------------------------|------|--------|-------|-----------------------------|
|-----|--------------------------------|------|--------|-------|-----------------------------|

|    |                                                  |                     |          |                           |                                                |
