

KFCH STROKE PROGRAM

Stroke Multidisciplinary Rounds & Daily Safety Huddle Documentation

Package - 2026

Document Code: SU-006-FORM-06 | Version: 1.0

Effective Date: _____ Review Date: _____

Prepared by: Stroke Coordinator | Reviewed by: Stroke Medical Director | Approved by: _____

Purpose: To standardize multidisciplinary stroke rounds, daily clinical review, operational safety huddles, escalation, and documented quality follow-up across the Stroke Program.

1. Stroke Multidisciplinary Team Attendance Sheet

Hospital: _____

Unit: ☐ Stroke Unit ☐ ICU ☐ Medical Ward ☐ Emergency Department

Date: ____/____/____ Time: _____

Name	Discipline	Role	Signature
	Stroke Neurologist	Team Leader	
	Emergency Physician	Physician	
	Internal Medicine	Physician	
	ICU Physician	Physician	
	Stroke Coordinator	Coordinator	
	Charge Nurse	Nursing	
	Bedside Nurse	Nursing	
	Clinical Pharmacist	Pharmacy	
	Physiotherapist	Rehabilitation	
	Occupational Therapist	Rehabilitation	
	Speech & Language Therapist	Rehabilitation	
	Dietitian	Nutrition	
	Case Manager	Care Coordination	
	Social Worker	Social Services	
	Neurosurgery	Physician / As Needed	
	Neurointerventional / Endovascular	Physician / As Needed	

Meeting Duration: _____ minutes Number of Stroke Patients Discussed: _____

Chairperson Signature: _____

2. Stroke Daily Multidisciplinary Rounding Form

Patient ID: _____ Admission Date: _____

Diagnosis: _____ Date of Round: _____

Lead Physician: _____

Clinical Assessment

Item	Status	Comments
Neurological examination completed	☐ Yes ☐ No	
NIHSS documented	☐ Yes ☐ No	Score: ____
Vital signs reviewed	☐ Yes ☐ No	
Blood pressure target appropriate	☐ Yes ☐ No	
Blood glucose controlled	☐ Yes ☐ No	
Temperature reviewed	☐ Yes ☐ No	
DVT/VTE prophylaxis reviewed	☐ Yes ☐ No ☐ N/A	
Swallow screening completed before oral intake	☐ Yes ☐ No ☐ N/A	
Nutrition plan reviewed	☐ Yes ☐ No	
Rehabilitation assessment completed	☐ Yes ☐ No	
Medication reconciliation completed	☐ Yes ☐ No	
Secondary prevention initiated	☐ Yes ☐ No ☐ N/A	
Antithrombotic / anticoagulation plan reviewed	☐ Yes ☐ No ☐ N/A	
Statin / lipid management reviewed	☐ Yes ☐ No ☐ N/A	

Cardiac rhythm / atrial fibrillation monitoring reviewed	☐ Yes ☐ No ☐ N/A	
Mobility and fall-risk plan reviewed	☐ Yes ☐ No	
Patient / family stroke education addressed	☐ Yes ☐ No	
Discharge destination and follow-up needs reviewed	☐ Yes ☐ No ☐ N/A	

Rehabilitation Progress

Discipline	Completed	Recommendation
Physiotherapy	☐	
Occupational Therapy	☐	
Speech Therapy	☐	
Dietitian	☐	
Social Worker	☐	

Plan for Today: _____

Team Leader Signature: _____

3. Stroke Daily Safety Huddle Checklist

Hospital: _____ Date: _____ Time: _____

Leader: _____

Operational Review

Item	Yes	No	N/A	Comments
Stroke team available	☐	☐		
Neurologist available	☐	☐		
CT scanner operational	☐	☐		
CTA available	☐	☐		
MRI available	☐	☐		
Laboratory turnaround acceptable	☐	☐		
Thrombolytic medication available	☐	☐		
Mechanical thrombectomy / EVT service readiness or approved escalation pathway available	☐	☐		
EMS communication functioning	☐	☐		
TeleStroke system operational (if applicable)	☐	☐	☐	

Current Stroke Patients

Patient ID	Unit	Key Issue	Action Required

Quality and Safety Review

☐ Door-to-CT delays ☐ Door-to-Needle delays ☐ Transfer delays ☐ Swallow screening compliance

☐ Medication issues ☐ Patient education completed ☐ Discharge planned ☐ High-risk patients identified

Action Items

Action	Responsible Person	Due Date	Closure / Follow-up

Next Huddle: _____ Leader Signature: _____
