

KFCH STROKE PROGRAM

STROKE EDUCATION, TRAINING & COMPETENCY EVIDENCE PACKAGE – 2026

Comprehensive Stroke Center (CSC) Accreditation Evidence

Effective Date:		Review Date:	
Document Code: SU-015-FORM-01		Version: 1.0	
Parent Policy: SU-015 - Nursing and Staff Stroke Education Program		Master Manual: SU-MANUAL-01	

Document Purpose and Scope

This evidence package standardizes documentation of stroke education, training, annual competency, NIHSS competency, simulation activities, remediation, and follow-up for personnel participating in the KFCH Stroke Program. It is intended to support internal quality management and Comprehensive Stroke Center (CSC) certification readiness, in alignment with current American Heart Association / American Stroke Association (AHA/ASA) guidelines.

Document Control and Evidence Management

- Completed records shall be retained according to the approved KFCH document-retention policy.
- Each completed form shall identify the activity date, responsible educator/evaluator, participating department(s), and required signatures.
- Competency gaps shall trigger documented education/remediation and reassessment, with closure evidence retained.
- Education content and competency criteria shall be reviewed when relevant AHA/ASA guidance or KFCH stroke policies are revised.

1. Stroke Education Attendance Record

Topic:	
---------------	--

Acute Ischemic Stroke Management According to Latest AHA/ASA Guidelines

Instructor:		Date:	
--------------------	--	--------------	--

Duration (hours):	
--------------------------	--

No.	Name	Employee ID	Department	Position	Signature
1			Emergency	Physician	
2			Emergency	Nurse	
3			ICU	Nurse	
4			Radiology	Technologist	
5			Pharmacy	Pharmacist	
6					
7					
8					

Total Participants:		Educational Objectives Achieved:	
----------------------------	--	---	--

Instructor Signature

Stroke Coordinator Signature

2. Annual Stroke Competency Assessment

Employee:		Department:	
Date:			

Knowledge Assessment

Competency	Pass	Fail
Recognizes stroke symptoms (BEFAST)	☐	☐
Activates Stroke Code correctly	☐	☐
Knows Door-to-CT target	☐	☐
Knows Door-to-Needle target	☐	☐
Knows thrombolysis inclusion criteria	☐	☐
Knows thrombolysis contraindications	☐	☐
Performs dysphagia screening	☐	☐
Understands thrombectomy pathway	☐	☐
Provides patient education	☐	☐

Competency Standard: All critical safety items must be passed. Any failed item requires documented remediation and reassessment before competency is closed.

Overall Competent

- ☐ Yes
- ☐ Needs additional training

Assessor Signature

Stroke Coordinator Signature

3. Mock Stroke Code Report

Mock Stroke Code drills shall be conducted according to the approved annual Stroke Program Education and Simulation Plan.

Date:		Location:	
--------------	--	------------------	--

Location on file: Emergency Department

Scenario

Example:

68-year-old male arrives with sudden aphasia and right hemiparesis. Last known well 45 minutes ago.

Time Performance

Indicator	Target	Actual (Enter Result)
Stroke Code Activation	≤10 min	
CT Completed	≤20 min	
NIHSS Completed	≤25 min	
CT Interpretation	≤45 min	
Thrombolysis Prepared	≤50 min	
Door-to-Needle	≤60 min	

Participants

- ED Physician
- Neurologist
- Stroke Coordinator
- CT Technician
- Laboratory
- Pharmacist
- ED Nurses

Strengths

- Rapid recognition
- Excellent communication
- CT immediately available

Opportunities for Improvement

- Delay obtaining IV access
- Improve documentation
- Faster laboratory notification

Action Plan

Issue	Responsible	Due Date
Revise IV access workflow	ED Nurse Manager	30 days
Repeat simulation	Stroke Coordinator	60 days

4. NIHSS Competency Record

Every stroke nurse and physician should demonstrate competency in the NIH Stroke Scale.

Employee:		Department:	
Year:			

NIHSS Competency Checklist

Competency	Completed
Completed NIHSS education	☐
Observed NIHSS assessment	☐
Performed NIHSS correctly under supervision	☐
Scored NIHSS accurately	☐
Documentation completed correctly	☐

Assessment Result

- ☐ Competent
- ☐ Requires retraining

Evaluator:		Date:	
-------------------	--	--------------	--

(Neurologist or Stroke Coordinator)
